It is with much regret that VPS will be forced to postpone our Start of Season Show. Although regional Victoria is currently free from lockdown, many members, and the show venue, are classified as Metro. It would be unfair of us to continue with this event given the possibility of exclusion for some.

I am pleased to announce that we will now hold an – End of Season Show – at the same venue, on SUNDAY March 13th 2022.

Overleaf is an amendment to your Constitution/Rules & Regulations. These changes are in order for VPS to proceed with implementing an online registration and membership programme. It was hoped that this program could be launched prior to the 2021 Membership renewals, but unfortunately hiccups like the overleaf motion have impeded our progress.

The State Championships weekend also has the Heavy Horse Festival and the APSB Stud Show sharing the venue, we are still operating in INDOOR ARENA ONE, and it is hoped that dual registered members shall be able to compete in all events with ease.

Hoping everyone is coping with the ongoing lockdown, I am looking forward with hope toward our January State Championships when I hope the current situation will be eased and allow us to hold our weekend.
