EA ruling regarding retention of sensory/tactile hairs on horses.

VPS wish to encourage the retention of sensory hairs on the muzzle. It is anticipated that this rule will be mandated by August 1st 2022. . A reminder that it is already a mandatory rule that removal of any sensory/tactile hair around the eyes is strictly prohibited with VPS.

Once this rule is mandated, anyone presenting into VPS conducted classes with sensory muzzle hairs and sensory/tactile hair around the eyes removed, will receive a FIRST AND FINAL WARNING. The same person presenting into VPS conducted classes after that will be asked to leave the ring.
